

Meiosis Flip Book

Complete the following drawings to make a timeline of the meiosis process.

Label the top right corner of the drawings with a number for that step

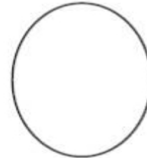

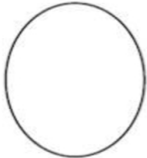

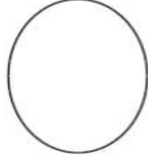

Cut the boxes and arrange them into a flipbook in the same manner you did the Mitosis Flipbook (See worksheet for instructions)

On the back of each box that has a phase name label, describe in detail what happens during that phase

My Meiosis
Flipbook

by

Prophase I

Metaphase I
