Window Fashion Worksheet

POWERED BY Abbey window coverings

Print out this work sheet and fill in the table to help with your on-line purchase.
Please use a separate line for each blind or shade.

Room Name	Product Type	Colour Number and Name	Measurements		Type of Install		Tilt Bar blinds only (choose one)		Lift / Pull Cord (choose one)		Stack verticals only (circle one)			Hold Down Brackets	
			Width ⟷	Length ↕	Inside	Outside	Left	Right	Left	Right	Left	Split	Right	Yes	No

Instructions

1. Name the room for each blind or shade
2. Choose the type of blind or shade: 2" Horizontal Wood Blind, 2" Horizontal Faux (PVC) Wood Blind, 2" Horizontal Aluminum Blind, 1" Standard Aluminum Blind, 1" Privacy Aluminum Blind, Cellular Shade, Pleated Shade, Roller Shade, Roman Shade, Vertical Fabric Blind, Vertical PVC Blind.
3. Measure Width and Length to nearest ⅛ inch for 1" Aluminum Blinds, 2" Aluminum Blinds, 2" Faux Wood (PVC) Blinds, 2" Wood Blinds, Cellular Shades, Pleated Shades, Roller Shades, Roman Shades. Vertical Blinds have a finished length tolerance of - ¼" or + ¾" and ⅛" on width. Please see "How To Measure, Order & Price Guide" for measuring instructions.
4. Type of installation: specify either "Inside Window" casing or "Outside Window" casing. For "Inside Window", **PLEASE DO NOT TAKE DEDUCTIONS, THE MANUFACTURE WILL TAKE THE APPROPRIATE DEDUCTIONS.**
5. Location of tilt and lift controls 2" Horizontal Wood Blind, 2" Horizontal Faux Wood (PVC) Blind, 2" Horizontal Aluminum Blind, 1" Standard Aluminum Blind, 1" Privacy Aluminum Blind. **If controls are not specified, controls will be standard: Tilt control will be on the left; Cord control will be on the right.**
6. Lift only for Cellular Shades, Pleated shades, Roller and Roman Shades. **If control is not specified, Lift control will be on the right.** Verticals have the Tilt and Draw controls in the same mechanism and will be on the same side. Please specify the location you want the control mechanism to be under Lift/Pull heading. **If the Vertical control is not specified, the Tilt and Draw mechanism will be on right.**
7. Verticals Only: Please indicate the directions you want the vanes to stack - Right, Left or Split. "Split" draws half the vanes to the right and left sides. **If Vertical Stack is not specified, vanes will stack to right.**
8. Hold Down Brackets restrict lift operation of blinds and shades. For 1" Aluminum Blinds, 2" Aluminum Blinds, 2" Faux Wood (PVC) Blinds, 2" Wood Blinds, Cellular Shades, Pleated Shades and Roman Shades only. If Blind or shade is to be mounted on a door indicate 'Yes'.
