

# Layers Of Our Atmosphere

\_\_\_\_\_ / 40 points

Name: \_\_\_\_\_

Period: \_\_\_\_\_

Due: \_\_\_\_\_

*Please attach this grade to the front/top of your diagram*

You will create a detailed diagram of the layers of the Earth's atmosphere. For each layer you will create a name label, height (in kilometers) label, temperature (Celsius) labels, at least two (2) activities that occur in each layer, and a picture representing one of the activities in each layer. Use your Weather & Climate 1 notes guide, pages 31-36 of your Weather & Climate textbook, and worksheet 1-4 *Layers of the Atmosphere*.

- Each of the 6 layers have clear, neat labels \_\_\_\_\_ / 6
- Height (km) label for each layer \_\_\_\_\_ / 6
- Temperature (C) lab for each layer \_\_\_\_\_ / 6
- A sentence description of at least two (2) activities \_\_\_\_\_ / 12
- Pictures of one (1) of the activities at each layer \_\_\_\_\_ / 6
- Neat, colorful, hand-drawn or magazine cut out  
No computer-generated images, original work \_\_\_\_\_ / 4
