

Name _____ Period _____ Date _____

GATTACA

Directions:

- As a class we will view the movie “GATTACA.”
- While watching the film, complete the following worksheet.
- Finally, using your notes, and own thoughts about the movie, heredity, and genetic engineering, write a one page response paper.
- Guidelines and suggestions for the paper are provided following the movie questions.

Write complete answers to the following questions.

1. a. During the credits displayed before the movie, which letters always appear on the screen first?

b. What is the significance of this? (WHY?)
2. How did doctors know at his birth that Jerome Morrow was qualified to be an astronaut?
3. What was different about the way Vincent was conceived when compared to the way his brother Anton was conceived?
4. Why was Vincent forced to work as a custodian, unable to obtain a high-profile job such as an astronaut?
5. a. How is the ID of employees checked every day at GATTACA?

b. Explain what goes on at GATTACA.
6. Explain various methods that Vincent uses in order to remain undetected.
