

Addition - mental

Without using a pencil and paper method, work the answers out to these three number addition problems:

1. $3 + 6 + 8 = \dots$ 2. $7 + 5 + 2 = \dots$ 3. $9 + 1 + 4 = \dots$

4. $8 + 4 + 3 = \dots$ 5. $7 + 7 + 4 = \dots$ 6. $5 + 3 + 3 = \dots$

7. $6 + 6 + 2 = \dots$ 8. $9 + 9 + 6 = \dots$ 9. $9 + 7 + 6 = \dots$

10. $1 + 8 + 8 = \dots$ 11. $2 + 9 + 6 = \dots$ 12. $5 + 9 + 2 = \dots$

When adding several small numbers it is a good idea to look for pairs of numbers that make 10.

Try these:

This is easy!
5 + 5 make 10, so does 4 + 6!

13. $8 + 3 + 2 = \boxed{}$

14. $6 + 9 + 4 = \boxed{}$

15. $5 + 4 + 6 = \boxed{}$

16. $2 + 9 + 1 = \boxed{}$
