**Choose ONE of the following topics and write a NARRATIVE essay that recreates the event and communicates a main idea:**

1. **A childhood event.** Describe an experience when you learned something for the first time, or when you realized how important someone was for you.
2. **Achieving a goal.** Describe a particularly meaningful achievement in your life. This could be something as seemingly minor as achieving a good grade on a difficult assignment, or this could be something with more long-lasting effects, like getting the job you desired or getting into the best school to which you applied.
3. **A failure.** Describe a time when you did not perform as well as you had wanted. Focusing on an experience like this can result in rewarding reflections about the positive emerging from the negative.
4. **A good or bad deed.** Describe a time when you did or did not stand up for yourself or someone else in the face of adversity or challenge.
