

Shoe Tying & Lacing Practice

Start a piece of paper with cutting and glue!

1) Show this page to an adult and cut off the shoes. 2) Use the white space with the shoes to make shoe cutouts (like a real shoe!). 3) After the glue is dry you can use the shoes. 4) Then, cut off the extra paper. 5) Fold around each shoe and use a single hole punch to punch holes where the shoelaces will go. 6) Now you can practice tying or lacing your shoes! Tape the shoes to a table to keep them still when you tie.
