

## Prefixes

Can you reassemble the words below by adding a prefix to each root word?

**Remember:** A prefix is a group of letters added to the beginning of a word to change its meaning.

es-      mis-      co-      non-      anti-

take      freeze      ordinaire  
lead      change      behave  
place      port      fiction      clockwise      send  
operate

mis- misbehave

non- \_\_\_\_\_

es- \_\_\_\_\_

co- \_\_\_\_\_

anti- \_\_\_\_\_

Can you make any more words by using the same prefixes with different root words?
