

	<b>Page</b>
<b>Introduction</b>	1
<b>Teacher's Notes</b>	-
1 Changing materials	2
2 Density, hardness, conductivity and magnetic behaviour	4
3 A great mix of materials	6
4 Rocks and soil	6
5 Changing materials	6
6 Jelly, cement and grey	10
<b>Background Information Sheet</b>	
1 Exploring materials	
2 Classifying materials	
3 Materials, their properties and uses - 1	
4 Materials, their properties and uses - 2	
5 Materials, their properties and uses - 3	
6 Materials, their properties and uses - 4	
7 Hardness of materials	
8 Use of materials - Bicycle	
9 Use of materials - Car	
10 Rocks	
11 The water cycle	
<b>Pupil's Sheet</b>	
1 Putting materials into groups	
2 Classifying materials - 1	
3 Classifying materials - 2	
4 Hardness of materials	
5 Strength of materials	
6 Electricity and magnetism	
7 Use of materials - 1	
8 Use of materials - 2	
9 Why is a cycle helmet made that way?	
10 Antarctic explorers - 1	
11 Investigating rocks and soils - 1	
12 Investigating rocks and soils - 2	
13 Investigating rocks and soils - 3	
14 Antarctic explorers - 2	
15 The water cycle	
16 Making bread	
17 Drawing	
18 Jelly, cement and grey
