

English Written Exercise – 22nd Form – L.L.I.

Read the following text:

Misses Alford and her two daughters, George and Jane, were up to the mountain of snow about the Christmas holidays, and had only a few days to get ready for the New Year. It was the first time that they had ever been so late in the season.

As the rain and snow of that evening of 1880, the first snowfall since the first snow in 1840, the town was very quiet. The town of Cambridge was quiet for the first time in many years and the snow was very deep. Miss Alford and her two daughters, George and Jane, were up to the mountain of snow about the Christmas holidays, and had only a few days to get ready for the New Year. It was the first time that they had ever been so late in the season.

"I wish to see a big snowfall now," she thought, "and see what they can do with it." She went out with her two daughters, George and Jane, and they went to the mountain of snow about the Christmas holidays, and had only a few days to get ready for the New Year. It was the first time that they had ever been so late in the season.
