

Name \_\_\_\_\_

Measurement

Fill in the blanks.  
Use the Color Code  
to color the  
eggs.

### For "Eggs-perts" Only

#### Color Code

If an egg shows a measure of  
length, color the egg yellow.  
Time, color the egg pink.  
Liquid, color the egg green.

a.  $1 \text{ pint} = \underline{\hspace{2cm}} \text{ cups}$

b.  $60 \text{ minutes} = \underline{\hspace{2cm}} \text{ hour}$

c.  $1 \text{ quart} = \underline{\hspace{2cm}} \text{ cups}$

d.  $1 \text{ yard} = \underline{\hspace{2cm}} \text{ feet}$

e.  $1 \text{ gallon} = \underline{\hspace{2cm}} \text{ quarts}$

f.  $6 \text{ feet} = \underline{\hspace{2cm}} \text{ yards}$

g.  $1 \text{ year} = \underline{\hspace{2cm}} \text{ months}$

h.  $1 \text{ foot} = \underline{\hspace{2cm}} \text{ inches}$

i.  $1 \text{ day} = \underline{\hspace{2cm}} \text{ hours}$

j.  $2 \text{ quarts} = \underline{\hspace{2cm}} \text{ pints}$

k.  $1 \text{ week} = \underline{\hspace{2cm}} \text{ days}$

l.  $1 \text{ yard} = \underline{\hspace{2cm}} \text{ inches}$

**Bonus Box:** Draw an egg on the back of this paper. Copy and fill in the following equation on the egg:  $16 \text{ ounces} = \underline{\hspace{2cm}} \text{ pounds}$ . Then color the egg however you like. Be creative!
