

Intermediate Topic Sentences

Write topic sentences for the following paragraphs.

Tigers look really scary. But actually, they can be very gentle. A tiger will only attack you if it is hungry, or if you do something to make it angry. If you are nice to tigers, they will be nice to you.

When someone receives criticism, they will be able to value and the substance the matter. This results here in the comments every day, and the user's have to make up their mind. They can go to comments, and see some, and take her like or not. They can't wait for what to read.

In Canada, students go to school from Monday to Friday, but in Korea, some students go to school on Saturdays. There are very few holidays in Canada, but there are many holidays in Korea. Canadian students also don't have as much homework as Korean.

Tom always chooses his lunch with me at school, and of course he only eats what he likes, he likes to eat it. He always makes me laugh when I am nervous for school, and he makes the teacher laugh too. Especially if I see them with Tom!
