

MB In Search of Spot 4/5

HELP rescue Spot from the 3-eyed monster! If you know your math facts, you can do it!

You will use the Menus at the top of your screen:

File	Activity	Options	Subject	Level	Help
	In Search of Spot		Addition	Level 1	Help
	Trash Zapper		Subtraction	Level 2	
	Number Recycler		Multiplication	Level 3	
	Cave Runner		Division	Level 4	
	Math Blaster				

Fourth Graders: Select **Multiplication** (under **Subject**) and **Level 5 or 6.**
or
Division
or
Estimation
or
Review

Fifth Graders: Select **Fractions, etc.** (under **Subject**) and **Level 1, 2, 4 or 5.**
or
Review

BEGINNER:

** Start the game. **Select a Subject and Level** listed above for your grade. Now you will try each of the 4 games in Math Blaster.

** Under **Activity**, select **Trash Zapper**. Play until **each partner has solved 10 math problems** and zapped some trash.

** Try each of the games (**Number Recycler, Cave Runner and Math Blaster**) by selecting them under the **Activity** Menu. Use the **Help** Menu as needed. Play the games until each partner has solved 10 math problems per game.

GOOD:

** Complete BEGINNER.

** **Select a Subject and Level** listed above for your grade, different than what you chose for BEGINNER. Under the **Activity** Menu, select **In Search of Spot, Short Mission**.

** Play the game until you complete your mission! Remember to use the **Help** Menu if you need help with the games. Good Luck!

EXPERT:

** Complete GOOD.

** Now you must play with a **harder Subject or Level than before**. Under the **Activity** Menu, select **In Search of Spot, Long Mission**.

** To be an Expert, you must **save Spot again!**
