# MONEY TROUBLE

DIRECTIONS: Show Your Work To Solve The Problem

You are getting ready to go on a date. You want to buy some chocolates and flowers. The chocolates cost \$0.25 and the flowers cost \$1.25. Do you have enough money?

Your mom sends you to the store with \$1.00. She wants you to buy gum for \$0.30 and some cheese sticks for \$0.50. Do you have enough money to buy the things she wants? If so, do you have any left over?

You love to go to the movies, but it costs a lot of money! Popcorn costs \$10.00. A drink costs \$5.00 and candy costs \$5.00. How much does it cost to get snacks at the movies?

Sarah was walking down the street and noticed a quarter. She picked it up. Then she found another quarter. She picked that one up, too. She also found 3 more quarters. How much money did Sarah find in all?

You've been saving the money in your piggy bank to buy a candy bar that costs \$1.00. You have 4 dimes, 3 quarters and 2 nickels. Do you have enough to buy the candy bar?
