

David Dolphin says...

“Add”

$$1 \text{ apple} + 2 \text{ apples} + 3 \text{ apples} = \text{circle}$$

$$2 \text{ stars} + 3 \text{ stars} + 1 \text{ star} = \text{circle}$$

$$3 \text{ balloons} + 2 \text{ balloons} + 4 \text{ balloons} = \text{circle}$$

$$4 \text{ diamonds} + 5 \text{ diamonds} = \text{circle}$$

$$2 \text{ triangles} + 2 \text{ triangles} + 3 \text{ triangles} = \text{circle}$$

$$5 \text{ crescents} + 4 \text{ crescents} + 3 \text{ crescents} = \text{circle}$$
