

# ADDING ALONG THE WAY

"Can you help Spot get to the Blastership using your addition know-how?"

Spot has to visit each planet in the galaxy before returning to the Blastership. Solve each equation to move Spot to the next planet. Write the answer in each circle.

$$1 + 3 = \bigcirc +$$

$$4 = \bigcirc$$

$$+ \quad 7$$

---

$$\bigcirc + 9 = \bigcirc +$$

$$5 = \bigcirc$$

$$+ \quad 6$$
