## Silent Consonants

Identify silent consonants.

Read each word. Circle the silent letters. Do not color the silent letters. Color all of the other letters.

Sometimes consonants in the middle or end of a word make no sound.

**Examples:** when *k* and *n* come together, the *k* is silent.

when *w* and *r* come together, the *w* is silent.

when *r* and *h* come together, the *h* is silent.
