"MEET ROSA PARKS"

Rosa Parks was a brave African American woman who made history in 1955. She lived in Montgomery, Alabama. At that time, African Americans had to sit in the back of the bus, while white people sat in the front.

One day, Rosa was tired and refused to give up her seat to a white man. She was arrested, but her actions led to a bus boycott. This helped start the Civil Rights Movement.

Rosa Parks is remembered as a hero. She stood up for what was right, even when it was hard. Because of people like Rosa, laws began to change and became more fair for everyone.
