ABOUT PENGUINS

Penguins are birds that cannot fly. They live in cold places like Antarctica.

Penguins have black and white feathers and they swim very well. They eat fish and small sea animals.

Penguins walk in a funny way, but they are very fast in the water.

Questions:

1. Can penguins fly?
2. Where do penguins live?
3. What color are penguins?
4. What do penguins eat?
5. Are penguins fast on land or in water?
