

Name: _____

Date: _____

Science Investigation:

Witch's Potion Fizz!

You Will Need:

1 small cup of vinegar (the witch's brew)
1 spoon of baking soda (the magic powder)
Food coloring (green, purple, or orange)
1 paper cup

To Begin:

Observe your materials using your senses of sight, smell, and touch. Record your observations below.
Then, pour the baking soda into the vinegar and watch the potion fizz!
