# READING Comprehension for 2nd grade

"This is hard work, but it's worth it," thought James. He grabbed some more nails and wood and kept hammering. He thought about the new pet that mom was bringing home. Mom said they could not have a pet until James had built a place for it to live. When James finished, he put the name "Snoopy" above the door. Then he put the house under a tree in the shade. Just then, Mom pulled into the driveway. James heard, "Bark, bark, bark." James showed Mom what he had built. Mom said, "You have done a great job!"
