WOMEN IN HISTORY

Women have played important roles in history by leading, discovering, and standing up for what is right.

Harriet Tubman helped enslaved people escape to freedom through the Underground Railroad. She was brave and risked her life many times.

Sally Ride became the first American woman to travel to space in 1983. She inspired many girls to study science.

Frida Kahlo was an artist known for her unique self-portraits that showed her life and feelings.

Eleanor Roosevelt worked to support human rights and helped people in need during her time as First Lady.

These women made history in different ways, but they all showed courage and determination.
