FUTURE CAREER

Fill in the blanks.

What career are you researching?

What is the pay range for that career?

What kind of certificate/degree, if any, is required for that career?
How long would that training take?

Does the career fit well with your future goals (standard of living, family plans, travel dreams, etc)?

Find information about someone who works in your chosen career.
What do they have to say about the job that is positive?
What do they have to say that is negative?

After your research, is there anything about this career that you think you wouldn't like?
