MY FIRST DAY IN SECOND GRADE

Today is my first day in second grade.

I wake up early and eat breakfast with my family.

I put my notebook and pencils in my backpack.

When I arrive at school, I see my teacher and many classmates.

We talk about our summer and play a fun game to learn each other's names.

In class, we read a story, color a picture, and learn about classroom rules.

At recess, I play with my friends on the playground.

I feel happy and excited to learn new things this year.
