

Name: _____

Date: _____

WHAT IS LABOR DAY?

Labor Day is a holiday in the United States. It is celebrated on the first Monday in September. Labor Day honors workers and the jobs they do every day.

Workers help our communities by teaching, building, growing food, delivering packages, keeping people safe, and much more.

Many families celebrate Labor Day by spending time together.

They may have picnics, visit parks, or enjoy outdoor activities.

Labor Day is a time to say "thank you" to workers for their hard work.
