THE APPLE ORCHARD ADVENTURE

Emma and her brother Ben visited an apple orchard with their family on a cool autumn morning. The trees were full of bright red and golden apples. Each family received a basket and began picking fruit together.

After filling their baskets, they watched workers press fresh apples into sweet apple cider. Emma tasted warm apple pie while Ben enjoyed a cup of cider. Before going home, they bought pumpkins and took a family photo in front of a large scarecrow. Everyone agreed it was the best day of the season.
