# Halloween Candy Tall Chart Worksheet

Count the candies. As you count, cross off each candy in the picture and add a tally mark to the chart.  
When you're done, write the total number of each candy.

| Candy                                                                               | Tally Marks | Total |
|-------------------------------------------------------------------------------------|-------------|-------|
|  |             |       |
|  |             |       |
|  |             |       |
|  |             |       |
