THE FRIENDLY MONSTER

Milo was a small green monster who lived in a cave near the forest.
He had big blue eyes, two short horns, and a long purple tail.

Every morning, Milo walked to the forest to pick berries for breakfast.
One day, he heard a little bird crying.
The bird had fallen from its nest and could not fly.

Milo gently picked up the bird and carried it back to the tree.
He carefully placed the bird in its nest.
The little bird was happy and thanked Milo.

Milo smiled and walked home. He felt happy because he had helped a friend.
