A Day at the Park

Liam went to the park with his sister, Emma. They brought a red ball and a small picnic basket. First, they played catch near a big tree. Then, they saw a family of ducks swimming in the pond.

Emma wanted to feed the ducks, but Liam reminded her that they should not give the ducks people food. Instead, they watched the ducks swim and quack.

After playing, Liam and Emma sat on a blanket and ate their lunch. They had sandwiches, apples, and juice. Before going home, they cleaned up their picnic area.

Answer the Questions!

- 1.) Who went to the park with Liam? _____
- 2.) What color was the ball? _____
- 3.) Where did the ducks swim? _____
- 4.) Why did Liam tell Emma not to feed the ducks? _____
- 5.) What did Liam and Emma eat for lunch? _____
