Directions: Read each prompt carefully.

Use the outline map of Canada above to label, color, circle, or draw as instructed. Write your answers clearly in the spaces provided.

Exploring the Map of **CANADA**

Color the province located on the far west coast of Canada (British Columbia) in blue.

Circle the territory in the northwest corner of Canada (Yukon).

Identify and label the three central prairie provinces shown on the map (Alberta, Saskatchewan, and Manitoba).

Label the province where Canada's capital city, Ottawa, is located (Ontario).

Write down the name of the largest eastern province marked with a circle (Quebec).

Draw an arrow pointing to the ocean that borders Canada to the west (Pacific Ocean).

List the names of the three northern territories featured at the top of the map (Yukon, Northwest Territories, and Nunavut).

Color the largest northern territory in yellow (Nunavut).

Label the easternmost island province marked with a circle (Newfoundland and Labrador).

Draw an arrow pointing to the ocean that borders Canada to the east (Atlantic Ocean).
