CHRISTMAS WORD PROBLEM

Solve each problem.

1. Selena spent $108 on Christmas presents at the mall. She also spent $262 buying presents online. How much money did Selena spend in all?

2. Jack has prepared 21 snowballs for a snowball fight with Michael. Michael has twice the amount of snowballs as Jack. How many snowballs do the boys have all together!

3. Jane built 2 snowmen each day for two weeks while visiting her aunt in Finland last winter. How many snowmen did she build in those weeks!

4. Jessica has $816 to spend on 4 of his friends for Christmas. What is the greatest amount of money Jessica can spend on each friend's gift?

5. Dave spent 35 hours this winter skiing. His girlfriend Briana spent 23 hours skiing. How many more hours did Dave spend skiing than Briana?
