THE SNOWMAN'S NEW FRIEND

One cold winter morning, Sam and his sister Emma went outside to play in the snow. They decided to build a big snowman. They rolled three large snowballs and placed them on top of each other. Then, they added two black buttons for eyes, a carrot for a nose, and a blue scarf.

When the snowman was finished, Sam and Emma gave him a name: Snowy. They were proud of their new snowman. Before going inside, they put a small hat on Snowy's head. Sam and Emma waved goodbye and promised to visit him the next morning.
